NEWMAN
REGIONAL HEALTH
FOUNDATION

...INVESTING IN YOUR FAMILY'S HEALTH CARE

Our Community Commitment

Newman Regional Health is committed to providing high quality health care to the people of Lyon County and the surrounding communities. For over 90 years, Newman Regional Health has strived to meet the needs of the community and has established a tradition of excellence in health care for east central Kansas. The hospital serves the community's health care needs regardless of the individual's ability to pay. Dedicated to improving the health of the community, Newman Regional Health invests excess revenue over expenses in services, equipment, and facilities which further advance that mission.

The Foundation

Incorporated in 1957 as the Newman Memorial Hospital Endowment Association, Newman Regional Health Foundation continues to help the hospital achieve its mission. The Foundation secures, manages, and disburses funds to benefit Newman Regional Health and is committed to helping sustain Newman Regional Health as a community hospital. The Foundation has its own Board of Directors made up of members of our community who volunteer their time and talents to the Foundation.

Charitable Gifts Provide Funds for...

- New and innovative medical services
- Newman Regional Health medical equipment needs
- Newman Regional Health facility updates
- Resources for students pursuing medical professions and much more.

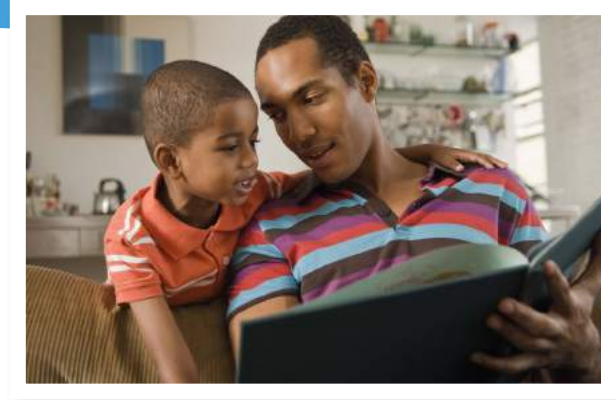

Why Donate to the Foundation?

Your donation is an investment in the health care of your family, friends, and neighbors and will help improve the overall health of the community. An active and strong Foundation provides essential support for the hospital. Emporia and the surrounding communities are fortunate to have the health care services provided by Newman Regional Health. The Foundation is proud to support Newman Regional Health in its mission to provide quality health care locally.

The Foundation maintains cumulative giving records that will allow proper recognition of donors.

Giving Opportunities

A gift of any size is an investment in your community's hospital. It will help ensure that your hospital will remain strong for the community as a whole. We have identified the following ways to give to the Newman Regional Health Foundation.

General Gift: Whether you want to make a general gift to support our community hospital or you want to designate a gift for a specific department (W.S. & E.C. Jones Breast Care Center, Newman Cardiology) or a particular program like Diabetes Education Program or Cardiac Rehabilitation, the General Gift is a perfect way to help build a Foundation that supports the outstanding services at Newman Regional Health.

Tribute Gift: A tribute gift can be made to honor a birthday, an anniversary, or any other occasion. It can be designated for a specific cause or can be directed by the Foundation to an area of greatest need.

Memorial Gift: A memorial gift can be given to mark the death of a loved one, a respected friend, or business colleague. It can be designated for a specific cause or can be directed by the Foundation to an area of greatest need.

Planned Giving: Planned giving is not just for the wealthy. Your gift of any size will help provide resources to benefit future generations. It will help ensure that your good works outlive you and that your hospital will remain strong for those you leave behind.

Sponsorship: Another way to support Newman Regional Health is to be a sponsor of one of Newman Regional Health Foundation's special events. From the annual Denim & Diamonds benefit to the 5K Run/Walk For Your Whole Life, these events are highly anticipated and are very well attended.

Volunteer: Another way to support Newman Regional Health is to volunteer at one of the Newman Regional Health Foundation's special events.
