# PEDIATRICS

## Simply the Best Care

Newman Regional Health Pediatrics, established in 2009, is dedicated to providing your family with the highest level of personalized, attentive and collaborative care for the Emporia community and surrounding areas. By merging high-technology tools and old-fashioned practices, we will do our best to optimize your child's health and development. We want to be lifelong partners in your child's health. We achieve this goal by listening to your questions and concerns, and educating you on how to promote a healthy lifestyle for the entire family.

The goal of Newman Regional Health Pediatrics and staff is to provide excellent health care to each infant, child and adolescent that we serve. In order to provide an excellent level of care, we rely heavily upon information provided by parents and the children themselves. Open and comfortable communication between concerned parents and provider is essential to keep children thriving and healthy. Parenting is a tough job and we encourage the parents of our patients to see us as partners and resources in the health, and raising, of their child.

## Making an Appointment

Appointments can be made by calling Newman Regional Health Pediatrics at (620) 343-2376 or going to the Newman Regional Health website at [www.newmanrh.org](http://www.newmanrh.org). More often than not, same day appointments can be made.

## Patient Portal

With Patient Portal access, patients can view upcoming appointments, send messages, make payments, and view summaries of their office visits, lab results, medical list, immunizations, and vitals. Patients can also print these records from their portal, if needed. If patients would like to register for the portal, please call (620) 343-6800 ext. 3406.

***"We love Dr. Brown and his entire team. They truly care for each child in our family as if they are his own. He is very attentive and knowledgeable and if he doesn't know the answer he will find out. Newman Regional Health Pediatrics is the best and truly unique in a small community like Emporia."***

## Pediatric Premium Services:

Our services extend beyond just check-ups and sick child visits...

- Sick visits with appointment 4 days/week. Same day appointments are available on a first come first serve basis. We want to provide immediate care for your sick child or teen. We are here to help!
- Well Visits: We schedule well child visits 4 days/week where we give families guidance and advice regarding their child's health.
- Pediatrician On-Call 7 nights/week. Have an emergency question for our pediatrician? Not to worry! We have a Pediatrician On-Call after office hours, available by phone all night long. They will return any after-hour page within twenty minutes.
- Our office is hot-wired to Childrens Mercy Hospital in Kansas City, MO. If you need a specialist we are connected within 15 minutes. We also have strong ties to Wesley Medical Center in Wichita and Stormont Vail in Topeka with many referral possibilities available. Our goal is to provide the best care.
- Newman Regional Health Pediatrics has extensive experience in full-term and pre-term NICU management. Care can be provided in connection with Newman Regional Health for babies 33-34 weeks and older with Intermediate Care Nursery and Special Care Nursery Services without the need of immediate transfer to outside facilities.
