

Nurse **EXTERNSHIP**

Six weeks of paid time with RN preceptor.

Qualifications:

Nursing students who are actively enrolled, and in good standing, in an Accredited Nursing Program, and will graduate December 2025 or May 2026.

This position provides a summer learning experience for qualified nursing students. The nurse extern will work side by side with a licensed Registered Nurse (RN) preceptor for approximately six weeks.

Potential primary areas for student rotations include:

Emergency Department, Obstetrics, ICU, Medical/Surgical/Telemetry, Inpatient Rehab, and Clinical Decision Unit.

Final nursing unit assignments will be made in May. Assignments are subject to change due to staffing/preceptor needs of the organization.

The Nurse Extern will work under the direct supervision of a Registered Nurse (RN) to provide patient care.

- Working within the nursing process to deliver direct nursing care across various age groups, which may include neonate, pediatric, adolescent, adult, and geriatric populations.
- Performing assessments and nursing procedures specific to areas of practice safely, efficiently and with technical skill.
- Administering medications safely per organizational policy.
- Documentation of pertinent assessments and interventions.
- Nurse Externs will work the same shift as their RN preceptor which could include days, nights, and weekend shifts. Please let us know of any barriers that would prevent you from meeting this expectation.

Step One

- Download and print the Faculty Feedback Form
newmanrh.org/facultyfeedback
- Get 2 faculty members to complete the form and recommend you.
- Scan the forms into pdf format and upload to you your formal application

Step Two

- Apply on line at newmanrh.org/extern
- Upload your CV and two Faculty Feedback forms
